Opioid Management for Women Past First Trimester

- Limited physicians accepting opioid managed pregnant women.
- Contact Healthy Start Women's Intervention Specialist at SMA at 386-254-1226
- Funding for West Volusia Hospital Authority will provide an additional WIS/NOS for Wrap around services with Family Health Source Wed. evenings and Saturdays.
- Other?

Continuing Gaps in Service

- Safety net of Health Department created a void for prenatal services with wrap-around care.
- Residential options for opioid managed women in Volusia/Flagler counties are not available.
- Cases continue to be complex and care coordination is critical.
- Payment for opioid management during pregnancy is not available through Medicaid in our service area.
- This results in some OB/GYN's not wanting to manage these patients

Post Partum/Neonatal/Infant

- Neonatal Outreach Services – expanding to West Volusia if WVHA funding approved
- Staffing in Hospital(s) – three times weekly – MOA with Healthy Start under review
- DCF and CPC coordination – family engagement, safe baby court team, Infant Mental Health, other?
- Family Planning – coordinate with Health Department

WARM (Women Assisting Recovering Mothers) Update

- Capacity – increase since Windward closed but not admitting opioid managed.
- Needs – service needs we can help with?
- Training Needs
- ACES – baseline scores validating – IRB needed
- River Region support?
- Other Updates?

Infant Mental Health Chapter Update

- Statewide Events – First 1,000 Days – very well attended
- Court Team Pilot Program – intersecting with Infant Mental Health and Parent Partners
- Next Meeting of the IMH Workgroup
 - Monday, November 30, 2015 @ 3:00 P.M. at 210 N. Palmetto Ave, Daytona Beach, Room 148
- Professional Development Opportunities
- Brochure & Website Page (under development)
