Thanks to ALL Fathers, and Positive Male role models:

Evidence has proven that we should never underestimate the important role a Father has in a child’s life, development and overall success in life. It’s so powerful, that we want to list a few reasons below and say how **THANKFUL** we are that they’re engaged and helping shape our children for the better!

1. **He Loves me unconditionally and gave me my first piggy back ride;**
2. **He teaches me how to stay strong and he is quite silly at times;**
3. **He gives me his time and he laughs a lot;**
4. **He taught me how to be respectful and a very special alphabet song;**
5. **He has the best smile in the world and showed me how to play catch;**

We’re grateful to all the MEN who help us grow!!

Lend Your Voice:

The Café is a great place where families and agencies come together to assist one another with valuable support.

Growing together as a team, we realize the need to have a strong family voice to help us shift and shape the services offered to our children and families. The opportunity to volunteer, advocate for another and provide your experience to members of your community is amazing and available through Café membership and leadership.

We urge you to place one simple call to find out more about how your leadership, skills, talents and time are needed to improve the outcomes for our future. As parents, we know our children depend on us to

provide bonding, care and love. Often times, we need the support of another parent who understands our journey in order to feel connected to the “outside” world.

If we remain silent, no one will hear our needs. Nor will they be able to witness how great you are.

We value your greatness and we value you!
